

Greetings:

I am very disappointed with the Sinclair's decision to air a very politically motivated program in an attempt to smear John Kerry. I am very upset that this company has the power to make their affiliates show this film, even if they do not feel it is in the public interest.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. This film is clearly not in the public interest.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. I believe your organization has an obligation to do an investigation into this matter. Thank you.
